

DO YOU HAVE A **HEART?**

We know children have a heart; the question is, do we?

Help us in signing the petition in repealing amendment 79

which will get death out of our Colorado Constitution. While this direct repeal of Amendment 79, the abortion amendment, will not end abortion in Colorado, it will get abortion death out of our state Constitution. This is the first step toward legally ending child sacrifice in our state to protect all children
