

April 9, 2023

Dear Pastor,

Thank you for what you are already doing to protect “the least of these” among us, loving our preborn neighbors and mothers as ourselves. As you disciple your congregation into a biblical understanding of our responsibility before God to protect the innocent, and stop child sacrifice and idolatry, here is a call to action.

We are contacting churches across the state asking pastors to lead congregations in prayer and a Scriptural understanding of the value of life and just law, applying the grace of Jesus to those who have participated in taking the life of a child and warning others away from the temptation.

We are putting forward an initiative in 2024 that would close abortion clinics and stop abortion pills from being mailed in the state. We are asking every life-affirming church to participate in educating, engaging, and mobilizing your churchgoers to pray and vote For Life.

With the faith to pray to end abortion, we have the faith to work to end abortion. If every churchgoer in the state will vote For Life, abortion will end in Colorado. Please visit our website for videos, handouts, sermons, and educational and Scriptural resources.

This is a spiritual battle to be won with spiritual weapons. (2 Cor 10:4-5) Will you lead your congregation to help end this holocaust?

For God’s Glory,

Colorado Life Initiative Task Force
