

## ABOUT THE PROPONENTS

Angela Eicher is a Doctor of Physical Therapy within the healthcare profession and a devout Catholic and graduate of St. John Vianney Seminary. She is a former sponsor of Initiative #56 and helped with Prop 115. She is a certified Relationship Educator and teaches baptism preparation classes and the 4<sup>th</sup> and 5<sup>th</sup> grade youth group at St Helena Catholic Church. Angela founded and has coordinated the United for Life Walk for the past four years in an effort to promote positive messages about the sanctity of life in Northeast Colorado communities and to showcase to the public all the many resources available to help anyone who is in need. A Colorado native, Angela is a wife, and mother of three teenage children. She enjoys camping, skiing, reading, and spending time with her family. Angela says, "When we love our neighbors as ourselves, we want to lead them away from all sin and evil and reveal God's truth to them."

Faye Barnhart, LAS, has been a Women's Advocate for 19 years helping survivors of partner violence, sexual assault, and abortion, and training professionals in the dynamics of the co-occurrence of adult and child violence. A pre-law student, with a background in Communications and Master's work in Organizational Leadership, Faye has served 13 years on various Boards and in Marketing and Public Relations for international ministries. She has served four pregnancy care centers in two states, most recently as CEO of a pregnancy care center covering six counties in Colorado, recruited and trained volunteers, and walked alongside countless women facing overwhelming challenges while pregnant. Faye raised her children as a single parent and is now married with three married children, an adopted special needs son, and a grandbaby who needed life-saving surgery at birth. Her sister, also prolife, was a victim of both rape and abortion as a teenager. Faye helped with Prop 115 and Initiative #56 and has served as an aid to Colorado State Senators. "We've been sliding down a slippery slope so long that we've forgotten what is right. A just (fair, equal) law is one God can bless and reminds us that we need the grace of Jesus."

These ladies have been praying together for wisdom and guidance on a weekly basis since 2021. They are putting forward an initiative that raises the sanctity of every human life in practical terms and creates a just law that protects women from the harms of abortion and children from the brutal, painful, and fatal practices of being scalded, poisoned, and dismembered by abortion. The process of gathering signatures is an opportunity to educate the public and reference to the website which displays many no-cost educational resources, videos, Scriptures, and helps available: [gotaheart.ORG](http://gotaheart.ORG). Once on the ballot, every voter in Colorado will be confronted with the reality and opportunity to save the lives of children and provide their mothers with real, practical help that doesn't involve taking the lives of their children.
