

Initiative involvement

pray

An act of idolatry of moral and spiritual consequence, abortion causes intentional and unnecessary suffering and death. Killing children is best addressed by the church with the hope and forgiveness found in the cleansing blood of humanity's Savior, Jesus Christ. It is a spiritual battle of God-sized proportions.

For though we live in the flesh, we do not wage war according to the flesh. The weapons of our warfare are not the weapons of the world. Instead, they have divine power to demolish strongholds. We tear down arguments and every presumption set up against the knowledge of God; and we take captive every thought to make it obedient to Christ. (2 Corinthians 10:3-5)

engage

Leaders of churches and like-minded organizations who want to see an end to abortion in our state join forces through different activities but common calling to enact a just (fair, equal) law to protect women and save the lives of children from the harms and deaths of abortion. Instead of answering suffering with more suffering and death, mothers access the many life-saving resources available so that they and their children may live!

"Then neither do I condemn you," Jesus declared. "Now go and sin no more." (John 8:11)

educate

Children have faces and feel pain by 7 weeks. Abortion puts a mother into labor, forcing miscarriage, or stretches her cervix while her child is injected with poison, or the child is dismembered. Women who experience elective termination suffer emotional, spiritual, and physical harms that compound over time. A multi-billion-dollar industry that profits from taking children's lives has misled the public. Children currently have no legal protections prior to birth. Fathers and mothers with the God-given right and responsibility to protect their children need the facts to prevent further victimization. Sharing truth is a way we can love our neighbors - mothers and children - as ourselves.

"If you continue in My word, you are truly My disciples. Then you will know the truth, and the truth will set you free." (John 8:31)

mobilize

If 20% more church-goers vote, and vote pro-life, Colorado could flip to a pro-life state in one election cycle! Churches mobilize in this moral, spiritual effort to enact just (fair, equal) law that God can bless!

Speak up for those who cannot speak for themselves; ensure justice for those being crushed. Yes, speak up for the poor and helpless, and see that they get justice. (Proverbs 31:8-9)
